Climate
Everyone’s business

The process behind the Fifth Assessment Report (AR5) of the UN’s Intergovernmental Panel on Climate Change (IPCC)

Business impacts climate

Climate indicators

Scientific and Technological Advances
make AR5 the most comprehensive report yet

IPCC process

WG1 Impacts of climate change
WG2 Mitigation of climate change
WG3 Synthesis report

Improved satellite observation capability
Increased computing power

WG1 The physical science
WG2 Impacts of climate change
WG3 Mitigation of climate change
Synthesis report

1st drafts and reviews
2nd drafts and reviews
Final drafts
Final approval meetings

3,000 Argo floats for long-term monitoring the world’s oceans
Paleoclimate data for long-term simulations

Business impacts and risks

Banking & insurance
Military & security
Farming & fishing
Extractive industry
Urban planning & transport
Health
Energy
Tourism
Manufacturing

Business impacts and risks
